FERGUSON-BRINKLEY.
Brunswick, Ga., November 23.—(Special.)—A simple home marriage, taking place on Thanksgiving evening, was celebrated at the residence of Mr. and Mrs. Robert Tompkins Brinkley. The ceremony was performed by Rev. L. E. Roberts, of the First Baptist Church, of this city, and was few close friends being present. The bride's dress was of white satin and chiffon, and she carried an armful of white carnations. She is a young lady of charming personality and was a circle of friends. Mr. Brinkley is a prominent and popular young business man. He has furnished a home for his bride and they will go immediately to their new home.

Coat Season Is at Hand—Coats are Here

Attention now centers on the weather. With unerring sureness there will be much rain and a goodly amount of cold during the winter which is just beginning.

We illustrate two Coats which show the splendid style of our

Plush Coats

These indicate clearly why we are doing such a large coat business.

There is style, finish and character in every line. Behind this is the reason—we insist upon the manufacturer using plenty of material (and it takes a lot of it) to give the correct full flare, generous facings, deep cuffs, wide belts and big, comfortable collars—we demand careful hand workmanship—we insist upon lustrous linings, which make a rich appearance when the coat is thrown open.

The models illustrated are new ones just received.

90 WESTERN RAILWAYS FACE LABOR QUESTION

Differences Between Roads
and 55,000 Employees Are
to Be Arbitrated.

Chicago, November 28.—The differences of ninety-eight of the western railroads will be taken up here Monday by a committee of mediation and conciliation. The eyes of railroad and labor men throughout the country will be turned upon the hearing, brought about by the intervention of President Wilson last spring, after the men and their employers had failed to agree.

The men will be represented by a committee of the Brotherhood of Locomotive Engineers and the Brotherhood of Railroad Firemen and Engineers. A committee of managers will represent the roads.

The arbitration was arranged under the Newlands law. Ninety days are allowed and ten days additional for the delivery of an award. The arbitrator, W. J. Paine, vice president of the Illinois Central and president of the American Arbitration Association, selected by the railroad, and the Brotherhood of Locomotive Engineers and the Brotherhood of Railroad Firemen and Engineers, selected by the employees, Judge Peter C. B. Keane, of the federal district court at Richmond, Va., and the government, will sit as arbitrators of commerce and labor, selected by the government and the federal board of mediation and conciliation.

The statement given out today at headquarters of the employees' brotherhoods, says:

In general, the members of the two brotherhoods are asking for a standard rate of wages, and a standard day, with special rates of pay for overtime. They ask for a four-hour day in passenger service, with overtime bonus of 25 cents in 25 miles an hour running time. In freight service they desire a 10-hour day basis. In hopes of standardizing wages among the employees on western railroads, the brotherhoods have requested that pushers, helpers, men on minecarts, mill line transfer, and other unclassified men be paid on a basis of freight pay.

ATLANTA FOOTPADS KEEP POLICE BUSY

Several Reports of Holdups
Received at Headquarters
Last Night.

Atlanta footpads are keeping the police busy, a number of reports of their activities being received last night.

A. J. Jones was robbed at the corner of Pine street and Boulevard about 9 o'clock of \$4.81 and a silver watch. Two negroes, one tall and yellow, and the other black and short, three pistols in his face and the other into Boulevard, ordering him to throw up his hands.

Jones was driving a delivery wagon for the Kamper Grocery store when the robbers boarded his wagon.

J. D. Hedd, of 10 New York avenue, was robbed by a white man, dressed in a black cloak and dark clothes, at the corner of Gilmer and Bell streets. Hedd struggled from his assailant and wended his way to police headquarters, where he reported the robbery. He said he lost \$11 and a gold watch.

Mrs. J. J. Jones, of 1011 Peachtree avenue, reported that during the afternoon, between the hours of 4 o'clock and 5 o'clock, her servant's house was robbed by unknown persons. Clothes and diamonds were stolen.

Up to a late hour last night the police had failed to apprehend any of the guilty persons.

DOLLAR BILL RAISER UNDER ARREST, SAY LOCAL DETECTIVES

The old trick of changing the 1 on a dollar bill to a 5 by use of color has been successfully demonstrated.

Atlanta for the last several weeks, and not until last night was the alleged guilty party, who has been leading the government secret service men a merry chase, caught. He was a young man, giving his name as G. E. Gable, of Dallas, Tex., and said he was out of a job and had a wife and baby at home.

Gable's trick, it is said, further consisted in changing a 10-cent note into a 20-cent note. Last night, it is charged, he tried to work this scheme on Gutter-Walker Drug company, but the delivery boy, Loyd Parks, notified the police. Officers Milan and Evans went with Parks to 18 East Hills street and made the arrest.

Gable had three \$1 bills in his pocket which had been changed to \$20 bills. Gable declared he had tried to get a job in Atlanta, but failed.

Fight at Secret Meeting
in San Francisco.

Chicago, November 28.—The retired German General von Bernhardt, who vowed plans of Germany for the war now in progress at a secret meeting of 400 Germans in San Francisco May 1913, according to a statement made last night by Dr. J. A. Macdonald, editor of the Toronto Globe, Dr. Bernhardt spoke at a reunion of the Toronto university alumni at Chicago.

Dr. Bernhardt, retired, secretly visited the United States and divulged plans of the proposed European war. He visited New York, Chicago and cities west of the Mississippi and then went to the Pacific coast.

On May 1913, he held a secret meeting of some 300 Germans in San Francisco, presided by the German consul.

At this gathering von Bernhardt outlined plans of the present European war. He began with what seemed to be an outburst of anger along the border of Alsace-Lorraine, from where a French army had been driven out. He said that the German general said that the war would be short, and that the German army would be victorious.

The general outlined the exact number of days it would take to get to the Pacific coast and the number of troops necessary to get there, and said that the German army would be victorious.

He said that the German army would be victorious, and that the German army would be victorious.

Hill sanitarian to interview Dr. Hollander further in regard to the Hollander case, again called two police and a negro, Dewitt Boyd, whom he had had under arrest at the time Peak was shot. Boyd, who was a white man, was taken to the police station and interviewed. He said that he had seen Peak at the time of the shooting, but did not know who shot him.

Boyd, under the cross-examination of the police concerning his knowledge of the shooting, admitted that he had seen Peak at the time of the shooting, but did not know who shot him.

The Velsco Motor Vehicle company, which has for some time occupied a part of the attractive building at New Street and Merritts avenue, has recently taken a lease on the building and has ideal quarters for the handling of its growing southern business.

At the front of the building is a roomy showroom, the entire front being reserved for the display of the company's automobiles. There is also an interesting spot which has attracted much attention.

The Velsco company has one of the largest and most completely equipped service departments in the city.

Experts from the Velsco factory bring a great asset to owners cars.

The same building is also the parts department, from which are quickly supplied to all parts of the state. The company, comprising North and South divisions, is located in Jacksonville, eastern Tennessee.

F. B. Ludwig, southern district manager for the company, who is in Atlanta, is greatly pleased with the growth of the company's business in the city.

From the indications of further growth of his business, a recovery of the market is expected.

LOWER PRICES ON FEDERAL "Rugged Tread" Casings

Effective December 1, 1914

A very material reduction on Federal "Rugged Tread" Casings is made possible by new and improved methods in the Federal Plant.

Automatic machinery has displaced ordinary equipment, hand labor has been supplanted by mechanical devices and new processes have been introduced which materially lower our production costs on these famous non-skid casings. Consequently we are pleased to announce the following schedule of **lower prices**, effective December 1, 1914.

Youngster Sets Hot Pace For Veterans in Big Race

For a youngster like Irving Janke, of Milwaukee, to win out in a big race against such men as Don Clark, E. G. Warshaw, Baker, L. G. Buckner, G. P. Pinesau, Arthur Chappelle, Robert (Smiling Bob) Perry, Glenn (Silver) Boyd, "Bill" Armstrong, Alva Stratton, Ray Wehmar, Paul (Spock) Warner, Malvern Jones and Carl Goody was one of the features of the Thanksgiving day race at Savannah, which won the admiration not only of the veterans mentioned here, but of all the other thirty-two racing stars who participated in the second annual classic over the Vanderbilt cup course. Janke is only 19 years of age, yet he is one of the best road riders in the city which bears the distinction of being the home of the Harley-Davidson as well as being famous for other things.

With his teammate, Eddie D. Kelly, of Savannah, leading the first five laps, Janke did not open up until Kelly had to stop in the sixth lap on account of having melted his spark plugs. Then young Janke stepped up to third position. The seventh lap brought him around in the lead, after passing Joe Wolters and E. L. Wilcox on the back stretch. Janke maintained his lead the eighth lap and the ninth. Kelly, trouble, necessitating a stop. Kelly, also on a Harley-Davidson, was back in the race again with new plugs and in the lead in the eighteenth lap when he went off the course, sustaining the injury which caused his death the following day.

The terrific speed made by the Milwaukee youngster melted spark plugs as fast as they would be put in. The veteran riders said they had never seen such speed on the road for such a long distance. Janke made four stops for spark plug changes in addition to the regular stops for gasoline. And all the twenty-two minutes he lost for changing spark plugs entailed from his time during the race shows clearly that the Harley-Davidson has in Irving Janke a rider of first rank. Most of Janke's prize money goes to his widowed mother.

Stratton's achievement of breaking the lap record on his twenty-seventh and final lap was another honor carried off by the Milwaukee rider, that was the talk of the other racers. After making five laps and getting the checkered flag for his last lap, the Harley-Davidson team captain determined to give the spectators something of an idea of the terrific speed stored up in the gray machines from Milwaukee.

He set a pace which all of the other roadburners declared was the fastest they had ever seen on the road with a stock machine. Stratton rode the last 11-1/4 miles of the 201.5-mile course in 3:20. That is at the rate of 47.2 in 3:20. The last lap made in less than two minutes. Ray Wehmar covered his twenty-second lap in 3:24, only 1 second slower than the record of Stratton in the final lap of the race.

PROPER CARE OF TIRES DECLARED IMPORTANT

Look After All Minor Injuries,
Urges Official of Fire
stone Company.

"Many motorists do not realize the importance of prompt attention to small cuts or injuries in their tires," says J. Greenwald, manager service department Firestone Tire and Rubber company. "It is especially important, at this time of the year, that this warning be heeded."

"A cut in the tread or cover of the tire has a tendency to expand when that part of the tire is in contact with the road. This permits mud, grit, pebbles and other foreign matter to lodge in the opening. When the injured part of the tire is relieved of the weight of the car, the foreign matter which has accumulated acts as a wedge, and with each revolution of the wheel this foreign matter is forced further and further between the cover and fabric, not infrequently completely separating them."

If this separation of the tread and fabric is neglected for any length of time it is often necessary to apply a new cover. If the fabric is in very good condition, this can generally be done in a very satisfactory manner, but low much expense and trouble can be saved by prompt attention when the cut is first made.

Examine your tires carefully at regular intervals, and especially after long trips. Tacks, glass or any other matter which may have become lodged in the tread should be removed before any serious damage is done. Wash away all mud to permit a thorough examination of the tire.

By the use of "Chain Cut," or similar preparations intended for emergency repairs, small cuts, punctures or snags can be healed, and thus prevent them growing and becoming serious. Large cuts or injuries should be vulcanized at once by an experienced and competent repair man.

NEW HIGHWAY ROUTE CHICAGO TO FLORIDA

H. M. McDermid Takes Charge
of Preliminary Work
for Project.

Latest among the good roads projects under consideration is a new route from Chicago to Jacksonville. The movement for this north-to-south highway was launched by W. S. Gilbreath, secretary of the Hooper Motor club, at the recent Good Roads congress held in Atlanta, and the proposal was so enthusiastically received and endorsed by the states and the Georgia that no time was lost in doing the preliminary work in connection with the project.

To route the highway is the task assigned to H. M. McDermid, district manager of the Empire Automobile company. During a new 1915 Empire touring car, the route-blazing party left for the south on November 25. The route taken is through Indianapolis, Louisville, Chattanooga, Macon, Atlanta, to Jacksonville.

There has been such an increase between the middle western states and Florida in the past few years, that the route selected is by far the most feasible for the proposed road. The marking of the highway would make touring much more pleasurable. The names of the new road is still undecided. The Cotton Belt Route and "The Dixie Way" have been suggested, but the final decision will be left to the governors of the states through which the highway leads.

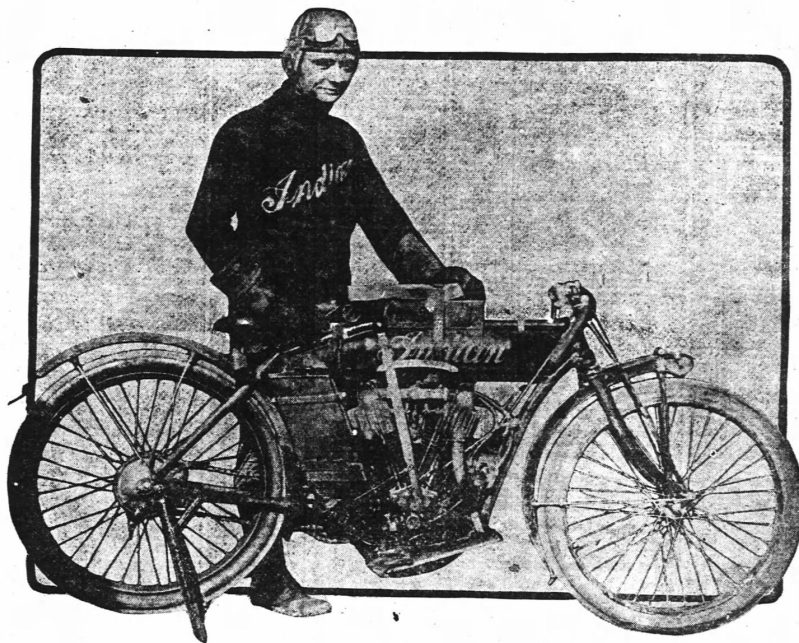

Dozier's Hand Badly Cut.
LaGrange, Ga., November 23.—(Special)—Blindfolded Dozier of LaGrange, but formerly of Shilman, happened to a peculiar and painful accident yesterday afternoon when he was placing a cork in a large bottle. The cork pressed too hard. The bottle split and his hand was severely cut by the sharp pieces of glass that were left standing upright. It was necessary for Mr. Dozier to have several stitches taken in the wound and he will not be able to use his left hand for several weeks.

Lee Taylor, Who Scalped the Field With His Indian

Thanksgiving Day was a great day for the Indian. It established a world's record of motorcycle speed for a road race by covering the 303 Miles in the phenomenal time of **5 HOURS 2 MINUTES 32 SECONDS!**

Regularly the INDIAN achieves—and here's another reason for the Indian smile.

Miss Woodberry's Reception.

Woodberry hall, on Peachtree, circa, was the scene of a beautiful reception tendered by Miss Rosa Woodberry on last Wednesday evening to several hundred guests. It was a happy house-

warming occasion, as the building has been recently finished and the interior redecorated. The visitors were most cordial and friendly, and enjoyed the attentiveness and elegance of it all.

Just preceding the reception, Miss Woodberry held a brief service, attended by the receiving party and friends. After the service, the guests were seated at tables, and the reception was continued until midnight. The guests were most cordial and friendly, and enjoyed the attentiveness and elegance of it all.

The Advantages of

BYCK'S

As a High Class Shoe Store

For 30 years we have been catering to the Footwear needs of the best Southern trade, and we believe that we have well earned the good reputation we enjoy.

It is hardly necessary for us to tell you, like many shoe stores or departments do, that our styles are just the same as you see on Fifth Avenue, etc., etc.

You don't care anything about that—it wouldn't influence your purchases, and we know it.

What you do really want to know, "is"—

Have we stylish shoes?

Are our shoes well made?

Can you be properly fitted?

Have we the assortment?

To all these questions we answer absolutely

YES!

We know the ideas as well as the feet of the Southern people—We know what style is and where to get it—We know what factories are to be relied on—We know first-class workmanship—and we know hundreds of people more this fall than ever before, who have told us—that after going to every store in town, have "Come Back," and said ours were not only the "best looking," but the "most stylish," as well as the most reasonably priced.

We are today—as we have been—buying from the most representative and highest grade "shoe-makers" in America; the footwear they make equal any sold anywhere in the world.

That's what we're asking you to buy—only, we do not ask you to pay us quite as much profit as the high-class retailer in New York or Chicago must demand.

On The Constitution Firing Line With the Commercial Travelers Some of the Live Men Who Have Put Atlanta on the Map As South's Leading Market Place for Southern Merchants

Brief Sketches of Ten of Atlanta's Biggest Wholesale Houses and Manufacturing Concerns, and Some of the Men Who Have Made Them.

Brown, Perryman & Greene Company.

Just as Atlanta has, as a whole, developed a reputation for its commercial strength, so has that development been reflected in the growth of the southern buyer and seller within the city. The men who have made the city what it is today are the men who have made the city what it is today.

No company in the south is better equipped or has a larger clientele for these goods than the Brown, Perryman & Greene Co.

Following a reorganization some seven or eight years ago of the largest dealer in the city in this line, the company has grown to be one of the largest in the south. It is a company of men who have made the city what it is today.

The company is particularly proud of the opportunity it has to serve its patrons in their selection of goods and merchandise. The company is a company of men who have made the city what it is today.

A. M. Robinson Co.

Chief among Atlanta's leading wholesale and jobbing houses stands the A. M. Robinson Co. It is a company of men who have made the city what it is today.

The founder of the company, A. M. Robinson, was one of the leading merchants and citizens of the city for many years. The company is a company of men who have made the city what it is today.

Originally the company started as a jobbing house only. Now it is not only one of the city's largest wholesale houses, but it is also one of the city's largest jobbing houses.

The company has added a line of manufactured goods which has gained favor and prestige as the years have rolled along. The company is a company of men who have made the city what it is today.

McClure Ten-Cent Co.

From a small beginning in the year 1880, the McClure Ten-Cent Co. has grown to be one of the city's largest wholesale houses. The company is a company of men who have made the city what it is today.

Boys' Big Corn Show Next Week, With Reduced Railroad Rates, Offers Fine Opportunity for Southern Merchants to Visit the Gate City.

With troops of farmer boys swarming into the city on every train, and with merchants and business men from every point in Georgia, and rail authorities have secured the show for the city. The show will be one of the biggest and most profitable events of the year.

Last year it was an occasion that will linger long in the memory of the business men and trades people of Atlanta. This year it will be even more so. The show will be one of the biggest and most profitable events of the year.

With the spirit of the coming Christmas prevailing, and with such a celebration that will make history, and will continue to be remembered for the south!

HOG AND HOMINY CARNIVAL THIS WEEK WILL BE A HUMMER

Chief Heavers has notified his branch subscribers that on the afternoon of December 2, the Hog and Hominy Carnival will be held in the city. The carnival will be one of the biggest and most profitable events of the year.

The Hog and Hominy Carnival is to be staged in Atlanta December 2 and will be one of the most successful celebrations that a southern city, outside of New Orleans, has ever known. It will be a young Mardi Gras, and as its per se in New Orleans.

LATE BUYERS ARE COMING TO ATLANTA FOR THEIR GOODS

The action of perhaps thousands of the south's largest merchants in postponing their buying trips north to the great European conflict, has resulted in a large number of late buyers coming to Atlanta for their goods.

AN INVITATION

By the Atlanta Retail Merchants' Association

TO ALL GEORGIANS

AND RESIDENTS OF ADJOINING STATES

The Atlanta Retail Merchants' Association, The Chamber of Commerce, The Rotary Club and The Ad Men's Club, all of Atlanta, join in this invitation to every resident of Georgia and adjoining states, to bid you be present and enjoy to the fullest measure the extensive preparations we have made for your entertainment during the happy, frolicsome days of December, 1914.

The Hog and Hominy Carnival, The Boys' Corn Show, The Girls' Canning Club, The Grand Carnival Street Parade, The Carnival Ball and the Merry Christmas Shopping Throngs will make the welkin ring. Atlanta will be no place for "kill-joys" nor "gloom-spreaders" during these days of fun and frolic. So, throw off the cares of the past few months, put the good wife and children aboard an Atlanta-bound train and realize once more that "things are brighter than they seem." Come out of your shells and be "human" these Yuletide days, and you will go home a better and happier man.

Georgia's Great Corn Show AND EXHIBIT OF THE GIRLS' CANNING CLUB

Will prove a liberal education to every man and woman who would learn a real practical lesson from present cotton conditions. In past years these exhibits have interested the "youngsters." This year they will prove doubly interesting to the "grown-ups." Every mother's son and daughter of you Corn Club Boys and you Canning Club Girls should make it your business to bring at least one "grown-up."

The Varied Xmas Displays of Retail Stores

Will add a great measure of delight to this carnival occasion. Practically every store in Atlanta will be in holiday dress to welcome the thousands of visitors. Special displays are being made by all the merchants that you may have large and augmented stocks for easy selection. It is a golden opportunity for you. Special rate arrangements have been made with all railroads leading into Atlanta. This rate is established at one fare and twenty-five cents for the round trip from any point within 200 miles of Atlanta. Ask your agent about it.

STUPENDOUS CARNIVAL FEATURES

Who Will Be Queen of the Carnival?

This question now has all of Atlanta "guessing." Twelve of Atlanta's most popular debutantes are nominated, and no one will know who will wear the crown and the royal robes until Wednesday, December 2.

There will be twenty-three Maids of Honor with their escorts, all in special costume.

A Scintillating Street Pageant

Will open the carnival feature of this great event on Thursday afternoon, December 3. There will be a hundred or more specially

designed and decorated moving attractions. Every Atlanta military organization will participate, and there will be a thousand or more maskers on foot. There will be music and fun galore, and the masking and fun will continue far into the night while the Queen's Ball is in progress.

The Queen's Ball---1,000 Masked Dancers

The great Auditorium has been engaged for this affair, which will take place on the night of Thursday, December 3.

The Queen will be crowned at 9 p. m. and then lead the Grand March. From her elevated

throne, surrounded by her Maids of Honor, she will review the newest dances as exemplified by professional Terpsichorean artists.

Tickets to this Grand Ball can be secured through the Merchants of Atlanta, or by addressing Atlanta Retail Merchants' Association, 504 Chamber of Commerce Building, Atlanta.

This Great Event

Is the forerunner of Atlanta's Annual Carnival. Anybody who enjoys a good time cannot afford to miss it.

Make up a carnival party and come to Atlanta for a good and profitable visit. Decide right now to do this thing.

The merchants on the opposite page comprise the membership of the Atlanta Retail Merchants' Association. Each and every one of them extends to you a most cordial welcome and the fullest courtesy of their stores while in Atlanta. They are all splendidly ready to receive you and will do so in the true "holiday spirit" way.

For The
Holiday
Festivities

THESE gowns for the holiday festivities are original adaptations

of modern styles. The central one is of mistletoe green taffeta, veiled with tulle, trimmed and embroidered with jet.

On the left is shown a cream chiffon underdress bound with black velvet ribbon and having a Greek over-drapery of old gold satin, lined with coral pink.

The coral pink dancing frock has a three-tier pleated skirt of chiffon, bound with satin; a decollete bodice of satin with little roses covering the fastening in back and a novel sleeve drapery of lace.

REAL ESTATE—For Sale

REAL ESTATE TALK

DID YOU ever notice how people do a certain way for a long time and then, at a sudden discover that they are doing the thing exactly backward? I have seen this happen many times, and I shall elaborate and explain to you a recent and obscure statement. Take the case of the old-fashioned bicycle, which has the high front wheel (about 5 feet in diameter), and a little back wheel about 1 foot in diameter). For a long time that is the kind of uncanny looking machine people rode on. Doesn't it seem like a man who makes the bicycle would have had both wheels the same size, like the bicycle we have today? That is the natural arrangement

WITHIN the past year or two three of the largest banks in Atlanta completely reversed their interior arrangements. They started off with bank furniture arranged so that the public would be crowded on the outside, while the banking force was caged up in the center. You remember how three big banks worked for months reversing their internal structure, so that now they receive the public in a central lobby, with the banking force crowded outside next to the windows. This is the easy, natural and efficient system. The only wonder is that it was so long thought of first.

TAKE the case of the soda fount, the popular American institution. The old style fount had all the syrups and faucets in the rear; the dispenser had to turn his back to a customer in order to draw a soda water. This enabled careless people to walk off without paying or to pick up loose change belonging to someone else. Now the soda fount is reversed; the syrups and carbonated water are in front, the operator never turns his back on a customer. Doesn't it seem like the man who invented the soda fount would have made it this way at first. The arrangement is so natural and so easy.

ONLY one more illustration to show how people do things backwards the first time, and afterwards find out the error and do things the right way the second time and natural way. Ten years ago the treatment for pneumonia was to shut the patient up in an air-tight room. The nurses stood around and tucked the patient down, they stuffed cotton in every crack to keep out the least draught. Now what is done to a pneumonia patient? They put him out in the open air, even in the coldest weather. They use the most modern methods. The only things there are other things we are doing backwards. Perhaps we will discover some day that many of our present practices are exactly the reverse of what we ought to do.

“I don't think there's any question about the reversal of what is sensible and practical for years and years we have been crying for railroads that everything they have to buy was so high, raw materials, lumber, labor, all were high in price. Now, all these things are cheap, and you would naturally expect to see the roads quickly taking advantage of the opportunity to buy. Are they buying? No. They say times are dull. Are the railroads holding out to see the times get better? They don't learn so fast that while times are dull and they are out of employment, that is exactly the right time to replenish rolling stock and equipment, to repair and overhaul, to rebuild and get ready for the very process would tend to neutralize dull times.

IT IS a sensible thing to repair your house while it is empty, while labor and material are cheap. There are thousands of houses in Atlantic City that need repairing, need a thorough overhauling, a new roof, a new front porch, a new back porch, and paint. There are many stores that need a new brick front and general overhauling. Now is the time to have such work done, while labor is plentiful and cheap. Some work is not so urgent, but, nevertheless, it is the best of economies to put men to work and go on a part of the way toward alleviating the hardship of long idleness. Let us not let a work altogether because the big civilized nations of Europe are engaged in the gentle panacea of the war, and other down in wholesale quantities.

RIGHT now the city of Atlanta is building a \$40,000 schoolhouse for \$20,000. They wait until everything goes up in price, labor, material and time? And while a \$40,000 schoolhouse will cost \$25,000 to build. Let us reverse the method of doing things only if things are good and everything runs at top speed. But someone says bonds will not sell, and the economy is in a slump, but even if it is at par or a slight discount, or at an attractive interest rate, it would be an economy to do the things we have to do. The payroll is going, and thousands of men at work, and neutralize the effects of hard times. There is no much work in the world habitable and comfortable, that we cannot afford to wait and put off everything until our civilized neighbors quit shooting.

YOU must hand it to this European civilization. They think that day is each other. They must hand it to European diplomacy: it is certainly improvement over our old-fashioned grape-juice variety. European efficiency is wonderful: they have learned to the more men you march out in front of machine guns, the more you can walk with at one time. This is a bit of efficiency. Maybe these Europeans will find out some day that they are doing things just exactly backwards. They must learn something from our schoolmaster.

Much of the Best Furniture Ever Assembled in Atlanta

Is at Greatly Reduced Prices

—It is Life-long Furniture, that will last for generations.

—It is Furniture from such world-famous masters as

Berkey & Gay W. H. Cowan & Co. Lambert's Arts & Crafts
Royal Furniture Co. Sligh & Co. Stickley & Co. & Others

The sale embraces original designs from these and other manufacturers, as well as their faithful reproductions of the correct period styles in Oak, Circassian Walnut, Enamel and Mahogany.

This is the sort of furniture that will make the finest kind of Christmas Gifts, not only for its present beauty and worth, but because such furniture carries with it the remembrance of years.

The reduced prices come because of unusual business conditions. Stock sheets show that our purchases have passed the danger point. Having overbought and undersold we must slash prices to set stocks to rights.

The sale is confined chiefly to odd pieces—chairs, desks, sewing and library tables, etc.—that will make splendid Christmas gifts.

Every piece of furniture in the sale shows a special ticket. Its present price compared with the price on the original ticket shows you that

**"BUSINESS AS USUAL,"
SAY SIGNS IN LONDON**

But Business Is Far From Be-
ing as Usual—Theaters Are
Having Hard Time.

ence of the Associated Press.)—After three months of war, London, as a neutral city, has become a meeting place between the two most common sentiments of the period—"Business as Usual" and "Your Country or Mine." The latter sentiment designs confront you everywhere. In August they were on the houses and the walls of the city, on the streets, on empty walls, hotels, theaters, monuments—everywhere that paste will hold.

Contrary to the expectations of earlier weeks, none of the big hotels has been closed, and the city is still evening crowd there is slim attendance, nearly half the men being officers in uniform. The streets are crowded with none being en route to the Riviera or other European resorts.

Police Hired.

There has been a revolutionary change in staff at all these borderlines. German and Austrian blood having been sent to the detention camps. No reason is given for the open employment of any chance of making money unless it can announce that "no alien enemies are to be employed."

and its orchestra never played "God Save the King" and the band never plays the national air every evening. "Massiliae" and other favorite songs of the allies.

There is no one having a hard time of it. War was blow enough, but the climate is not too hot. The question is whether they be Piccadilly girls or there "pub" was a harder blow. Rates are 10/- a week, but the British in uniform are admitted at half price. Patriotic melodies are the chief repertory. The orchestra is made up of all up-hill work.

Professional profession is in despair. Since "Drake" was put on by the dearborn tree, nothing new has been heard of the day. But for one or two American songs, the program is the same. Nothing new to see. Even "The Country Girl," "The Earl and the Girl" and "The Beggar's Daughter" have arrived. George Edward, who recently returned from a detention camp in Germany, has a "show."

Some of the galleries are open the floor of the suffragette having departed. Many of the best known names are absent. The tasteless

counting for tsak. At an auction sale at the wool exchange this week, the seals were crowded but the bidding was brisk only for grades of wool that could be used for khaki.

Manchester, Eng., November 16.—Correspondence of the Associated Press.)—The commemoration of Belgian heroism has gone so far as to include a new range of color names, such as "Tiege Brown" and "Louvain Blue," and So On.

The paper continues: "The most fatal case of a color named after battle is magenta. It was invented shortly after the battle of Magenta. In 1859, at which the French and Sardinians, under Marshal MacMahon, inflicted a sensational defeat on the Austrians, and MacMahon on his side of Duke of Sardinia. The color magenta is interesting in another way. It was one of the first of the aniline dyes to be invented. It was a very brilliant crimson, and it had an enormous popularity for that."

ke it from the first, but people with my pretensions to 'aesthetic taste' counted on the fatal effect of the new aniline colors. The chemists tried to meet their criticisms, and succeeded in softening or 'saddening' many aniline colors. Now, the poet's requirements are upset aesthetically, and the brilliant colors which the mass of unsophisticated people innocently loved all along have now got fairly into fashion.

WHEAT MADE RALLY

Market Closed Strong, 7-8
to 1 Cent Higher — Corn

Chicago, November 28.—Increasing belief that estimates of the Argentine exportable surplus had been grossly exaggerated helped bring about a decided rally in the wheat market today after an early decline. The close was strong, $\$1.01$ to $\$1$ net advance. Corn advanced $\frac{1}{8}$ to $\frac{1}{2}$ cent, $\$1.46\frac{1}{2}$ up. Oats rallied from $\frac{1}{2}$ decline to an $\frac{1}{8}$ cent

Reports of rainy weather at Rosario also have been a factor in the decline. The same also continued activity of exporters, but the latter was not the main reason. Liverpool accounted for the downward movement of the market.

Corn weighing with wheat, attracted the attention of the market. The nature of the weather, seemed unusually auspicious. The market followed the course of wheat.

Larger receipts of hogs than expected, added a depressing effect on provisions.

ROGERS SENDS SHOT TO BUSH CARTER'S HEART

Marshal of Jessup, Claiming Self-Defense, Kills Appaling County Man.

Jessup, Ga., November 28.—(Special.)—W. Rogers, night marshal, shot and instantly killed Bush P. Carter, of Appaling county, while trying to arrest him. Mr. Carter, accompanied by his cousin, John Carter, came to Jessup this morning to attend to business. They had been in the city all day.

Later in the afternoon Night Marshal Rogers had a message to look for a stolen overcoat. He found an overcoat on Carter to fill the description and immediately placed him under arrest. Rogers snatched out his revolver to use on the inmate when Carter, says Rogers, snatched out his revolver to shoot him, but Rogers shot first, striking the man in the heart.

Colonel James R. Thomas has been employed by the defendant.

Suit Is Settled, Says Attorney, But Judge Calls Davis to Court

Valdosta, Ga., November 28.—(Special.)—J. W. Davis, of this city, who was awarded a \$2,000 judgment for an attempted assault on a 15-year-old girl and who failed to appear in court, was ordered arrested. His bond increased to \$10,000. When the case was called Davis attorney announced that it had been settled and the warrant surrendered, requesting that the defendant's bondman be released. Judge Thomas declined to allow the case settled without Davis' appearance in court and ordered that the case be heard. Davis has not yet been apprehended. The case attracted much attention here, which has occurred here in many years.

RAILROADS OF STATE SHOW LARGE EARNINGS

The Gross Is Largest in History, But the Net Shows Decrease.

The state railroad commission has completed a tabulation of gross earnings, operating expenses and net earnings of the railroads of Georgia, from business beginning in 1913 to the end of the year ending June 30, 1914.

The 1914 reports show the largest gross earnings for any year in the history of the state. The gross earnings for 1914 were \$11,312,340.23, as compared with \$10,191,191.12 for 1913. The net earnings, however, are only the fourth largest, being less than in 1913, 1911 and 1912, when they were respectively \$1,312,340.23, \$1,131,818.19 and \$1,148,113.34. The percentage of operating expenses to gross revenue in 1914 was 74.53 as compared with 74.16 in 1913; 72.19 for 1912; 69.77 for 1911 and 68.75 for 1910.

The increased percentage of operating expenses to gross revenue has been almost wholly caused by increases in coal and fuel and cost of material, supplies and equipment.

The railroad commission believes that the business done within Georgia by the railroads is a fair index as to the volume of general business done in the state.

The following are the figures for the foregoing periods based on the tabulation of the commission: Gross earnings, 1914, \$11,312,340.23; 1913, \$10,191,191.12; 1912, \$10,191,191.12; 1911, \$10,191,191.12; 1910, \$10,191,191.12.

The railroad commission reported net earnings for 1914 of \$1,312,340.23, as compared with \$1,131,818.19 for 1913; \$1,148,113.34 for 1912; \$1,131,818.19 for 1911; and \$1,148,113.34 for 1910.

The railroad commission reported net earnings for 1914 of \$1,312,340.23, as compared with \$1,131,818.19 for 1913; \$1,148,113.34 for 1912; \$1,131,818.19 for 1911; and \$1,148,113.34 for 1910.

The railroad commission reported net earnings for 1914 of \$1,312,340.23, as compared with \$1,131,818.19 for 1913; \$1,148,113.34 for 1912; \$1,131,818.19 for 1911; and \$1,148,113.34 for 1910.

LET ATLANTA BAR PROBE BOND CASES, URGES SAM CRANE

Averting that the men indicted by the grand jury for bond violations in recent months should ever only the tools of men higher up, S. V. Crane, attorney, who recently created a sensation in the police commission by charging graft and corruption in the police department, has written a letter to Solicitor Hugh M. Dorey urging that the Atlanta bar association, as well as the grand jury, investigate the charges of bond violations.

He maintains that prominent lawyers are implicated in the alleged gang. He charges that the grand jury has only touched on the surface and acted against the smaller "try" and declares that a more vigorous investigation is prompted, Atlanta will never be free of the bond gang.

AMERICAN WOMAN TELLS OF THE RED CROSS WORK

Mrs. Deming-Jarvis Describes Scenes in French Hospital Where She Is a Nurse.

Washington, November 22.—Red Cross work in France is graphically described in a long letter received here from Mrs. Deming-Jarvis, an American woman, serving in the hospital at Dinard, Brittany.

"A train of wounded is disappearing in the distance," says the letter, "an ambulance arrives with its freight of injured men. Red Cross nurses hasten forth with cups of beef tea and cordials. The nurse cut slices of bread and butter and prepare cups of steaming coffee and tisane, while Red Cross

Has a Cure For Pellagra

Parle Nicholas, Laurel, Miss., writes: "Seems to me if I had not obtained your remedy when I did I would not have lived much longer. I am glad you discovered this wonderful remedy that will cure Pellagra. When I began taking Baugh's Pellagra Remedy my weight was 60-odd pounds; now it is 80-odd. I would like to have this published and sent to sufferers of Pellagra."

This is published at her request. If you suffer from Pellagra or know of anyone who suffers from Pellagra it is your duty to consult the resourceful Baugh, who has fought and conquered the dreaded malady right in the Pellagra Belt of Alabama.

The symptoms—hands red like sunburn, skin peeling at mouth, the lips, throat and tongue red with much mucus and choking; indigestion and nausea, either diarrhoea or constipation. There is hope if you have Pellagra you can be cured by Baugh's Pellagra Remedy. Get a big free book on Pellagra. Address American Compound, Inc., Box 292, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure—(adv.)

Suppose You thought You Killed Him!

"His hands clenched in an agony of culminating fear, Tom Gallon looked through the window. —"

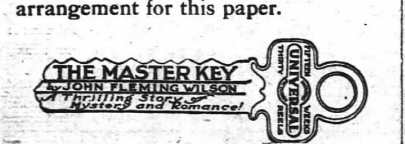

"Why had not his bullet gone through that dire face?—"

Thus it is in this world that those whose arms are empty feel the fingers of fear at their throats; and only those whose arms are filled can look boldly into the night.

Today Is National Tuberculosis Day

The United States Public Health Service has designated today as National Tuberculosis Day.

Dr. Robert Koch, the discoverer of the germ of tuberculosis, is the founder of the modern anti-tubercular campaign. The white plague fight in America is the benefit of the white plague fight.

There are nearly 500 schools of this character now in various parts of the United States. It is also shown by Dr. Robert Koch, the discoverer of the germ of tuberculosis, is the founder of the modern anti-tubercular campaign.

STRIPES PROVE DEADLY TO FRENCH SOLDIERS

Paris, November 22.—(Correspondence of the Associated Press.)—The official order against exposure to the sun's rays, resulting from the alarming proportion of mortality among the officers, has caused a great deal of discussion.

"Very good, but you are an officer!" "That where are your stripes?" "You are afraid, then?" "Not that I know of."

No stripes in this colonel's estimation, was equivalent to immunity from danger or showing the "white feather." To please him, or perhaps, as the result of his infectious bravery, the officers about him kept their stripes.

YOUR SHAPE

Do you know what kind of fabrics suit it? No doubt you can select the design. In fact, you should, for the design expresses individuality and taste of the wearer.

How, even, it is our business, as experts in tailoring, to suggest the proper weave. Now, If You Are Slender

We would pick out for you some soft, round, hand-lom Cheviot. It would be a cloth that would retain its shape, and not accentuate your thin physique by wrinkling. Moreover, it would drape well, making a decided impression of being well fitted. You get the idea, n'est ce pas? We are now tailoring

FRENCH TROOPS FOOLED BY RUSE OF GERMAN Fifteen of the Kaiser's Pioneers Hold Important Bridge for Six Hours.

Berlin, November 22.—(Correspondence of the Associated Press.)—In the recent operations of the German army, the Kaiser's Pioneers have played a most important role. Fifteen of the Kaiser's Pioneers held an important bridge for six hours.

The officer in charge of the pioneers, who were ordered to maintain the bridge, was killed in the attack. The bridge was held for six hours, during which time the German army was able to transport its heavy artillery across the bridge.

HANK AND HIS ANIMAL FRIENDS By Walt McDougall

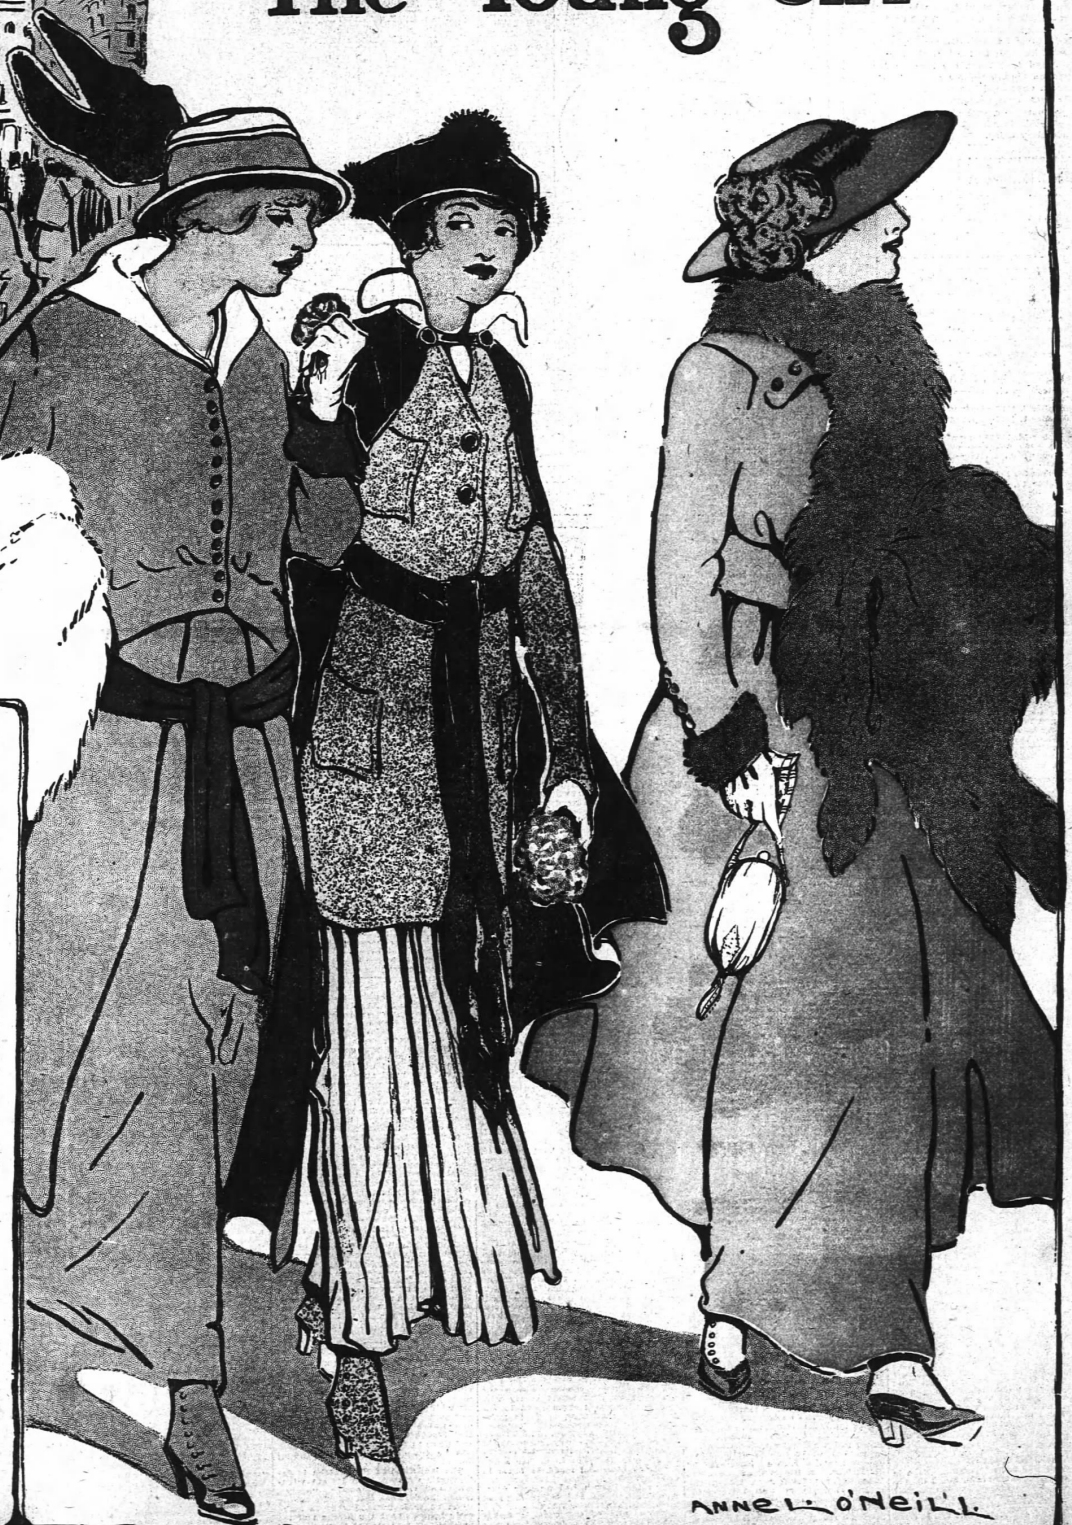

Street Costumes For The Young Girl

SIMPLICITY is the characteristic of this demi-tailleur of wool eponge in dark gray. The width of the skirt is in the long tunic. The generous and well-shaped collar is of fine white linen. The sash, buttons and lining, of dull Venetian red, give it a needed touch of color. The hat is of white satin, trimmed with irregular ends of black velvet.

COAT of novelty woolen in mustard color, trimmed with pockets of same material and finished with a detachable circular cape of fine serge. An effective bit of ornamentation is the sash weighted with long silk tassels. A very smart hat is this little model of velvet with a stiff brim turned up sharply against the crown and decorated with three feather fancies.

REDINGOTE of a new shade of blue, gabardine made with full skirt and blouse and raglan sleeves. The self-belt is fastened with buttons that also ornament the sleeves and flat collar. The hat of velvet, of same shade, is trimmed with bands of fur and bronze color ostrich feathers.
